

Bright Horizons at Deer Park

Preschool Program

Preschool curriculum is filled with investigation, experimentation, and discovery. Through intentional teaching practices, purposefully designed environments, and enriched activities, teachers ensure children have joyful, appropriate, and meaningful learning experiences that lead to success in school and in life.

- 🌍 **Handwriting Without Tears**-Beginning reading and writing skills as well as listening and speaking skills
- 🌍 **Everyday Mathematics**- concepts like classification, sorting and grouping, time and spatial relations, geometry, measurement, and numerical operations
- 🌍 **Science Rocks**-concepts like learning how to use tools for investigation and discovery, investigating properties of objects, forces of nature, motion, gravity, basics of scientific inquiry skills and technology
- 🌍 **Well Aware and Movement Matters**- Developing large and small muscle skills as well as nutrition, health and safety, and fitness
- 🌍 **Caring Matters**- Social awareness, identity and emotional development, critical thinking about the world and care of people and environments
- 🌍 **Art Smart** -Self-expression with visual arts, music, dance & creative movement and dramatic arts
